

Construction Supervisor

Olympus Energy LLC (“Olympus”) is seeking a motivated team member for the position of Construction Supervisor for immediate hire in their Pittsburgh area operations. This position will work with the Construction, Operations and Engineering teams and will be responsible for overseeing the construction of Olympus and Hyperion Midstream well pads, facilities, and pipelines.

Responsibilities:

- Adhere to Olympus/Hyperion safety programs, training, and policies as well as collaborate with the project team to manage the Safety & Health performance of project team members, contractors, and others as required
- Ensure that Contractors adhere to all company, local, state, and federal environmental compliance obligations, and measures
- Work with company personnel and resources to execute projects in a safe and successful manner while identifying opportunities for efficiency and overall process improvement
- Coordinate onsite work activities with Company operations, concurrent site activities, and other projects
- Prepare daily, weekly, and monthly reports
- Review contractor invoices and schedules
- Attend the contractor’s safety, environmental and quality meetings
- Inspect all project related material for damage, completeness, and compliance with the plans and specs
- Manage and coordinate active and upcoming construction related projects with direct oversight of Contractors and Inspectors
- Review and understand the construction documents and any related documentation and provide input to enhance the constructability of the project, considering schedule, cost, and quality considerations
- Develop and maintain as-built documentation
- Contribute to the negotiation, approval, and execution of multiple types of prime contracts, subcontracts, purchase orders, and change orders

Requirements:

- 5+ yrs experience in a construction related field, natural gas experience a plus
- Strong verbal and written communication skills
- Ability to develop and maintain relationships with various disciplines
- Work in extreme temperatures, with loud noises and in enclosed spaces
- Ability to function both independently and collaboratively in a fast-paced, multi-task environment.

Olympus is committed to creating an inclusive and diverse environment and is proud to be an equal opportunity employer. All qualified applicants will receive consideration for employment without regard to race, color, gender, gender identity or expression, sexual orientation, religion, national origin, genetics, disability, age, or veteran status.

Interested candidates may submit resumes via email to careers@olympusenergy.com. Resumes will be reviewed as received and candidate interviews will begin immediately. Olympus is not accepting resumes from staffing/search firms at this time. Please visit Olympus's website at <http://www.olympusenergy.com> for more information.
