

Completions Engineer

Olympus Energy LLC (“Olympus”) is seeking a motivated team member for the position of Staff Completions Engineer for immediate hire in their Pittsburgh area operations. This position will work with the Completions and Operations teams.

Core Responsibilities:

- Monitor the daily progress of completion operations and current daily costs
- Maintain the assigned AFE and track costs and operational performance daily
- Work with field operations, geologists, engineers, administrative staff, and external organizations to coordinate, execute, and advance all development activities.
- Prepare AFEs, completion procedures, and workover programs.
- Ensure all work performed adheres to company standards and follows all relevant regulatory requirements.
- Maintain accurate capital spending accruals monthly
- Track key performance metrics for Olympus completions program and recommend/implement optimization efforts into design and execution

Requirements:

- Bachelor’s degree in Engineering or equivalent field of study. Other technical degrees will be considered in conjunction with substantial relevant experience.
- 5+ yrs experience in completion operations
- Strong verbal and written communication skills
- Ability to develop and maintain relationships with various disciplines
- Ability to function both independently and collaboratively in a fast-paced, multi-task environment.

Olympus is committed to creating an inclusive and diverse environment and is proud to be an equal opportunity employer. All qualified applicants will receive consideration for employment without regard to race, color, gender, gender identity or expression, sexual orientation, religion, national origin, genetics, disability, age, or veteran status.

Interested candidates may submit resumes via email to careers@olympusenergy.com. Resumes will be reviewed as received and candidate interviews will begin immediately. Olympus is not accepting resumes from staffing/search firms currently. Please visit Olympus’s website at <http://www.olympusenergy.com/careers> for more information.
